

6x6 Paper Pad Template #1 by Jess Crafts from jesscrafts.com

In this easy to print PDF, you will find a template for using an entire pad of 6x6 paper that includes 1.5" by 2" cut aparts with no patterned paper scraps. The amount of cards made will vary by the number of sheets of paper in the pack. If your paper pad does not include cut aparts you can still use these sketches just reserve some pieces of paper for cutting to that size. I am including 4 cutting templates with coordinating sketches showing you how to assemble these pieces. To follow the sketches you will also need to use some cardstock. If using a full sheet of 8.5x11 cardstock you will likely have scraps you can use for other projects or to die cut a sentiment. Please visit jesscraftsblog.blogspot.com for more information. Thank you for visiting and please share!
