

6x6 Specialty Cut Apart Template #2 by Jess Crafts from jesscrafts.com

In this PDF, there is a cutting template for 6x6 paper. It is for a specific set of cut aparts found in Carta Bella and Echo Park 6x6 paper pads. Then there are two sketches showing you how to use these cuts. There will be no patterned paper scraps, but one of the sketches calls for cardstock but they are small pieces perfect for scrapbusting. Please visit jesscrafts.com/resources for more information.
